## Setting Up PedalMonster on iDash Gauge

[PedalMonster iDash Gauge Layout - Show](#)

Press RIGHT ARROW to enter MENU, and  
select GAUGE LAYOUT

Available Gauge Layouts – Pedal Monster, Pedal Monster Combo, and Derringer Pedal Monster (if used with Derringer)

---

## Using iDash and PedalMonster Combo Layout

Press UP / DOWN ARROWS to increase or decrease levels. Pressing UP on Level 10 or STOCK will roll over to next Mode. Likewise, pressing DOWN at Level 1 will go to previous Mode.

## Using PedalMonster Derringer Combo Layout

By default, Pressing UP / DOWN in Derringer PedalMonster Layout will change PedalMonster Level.

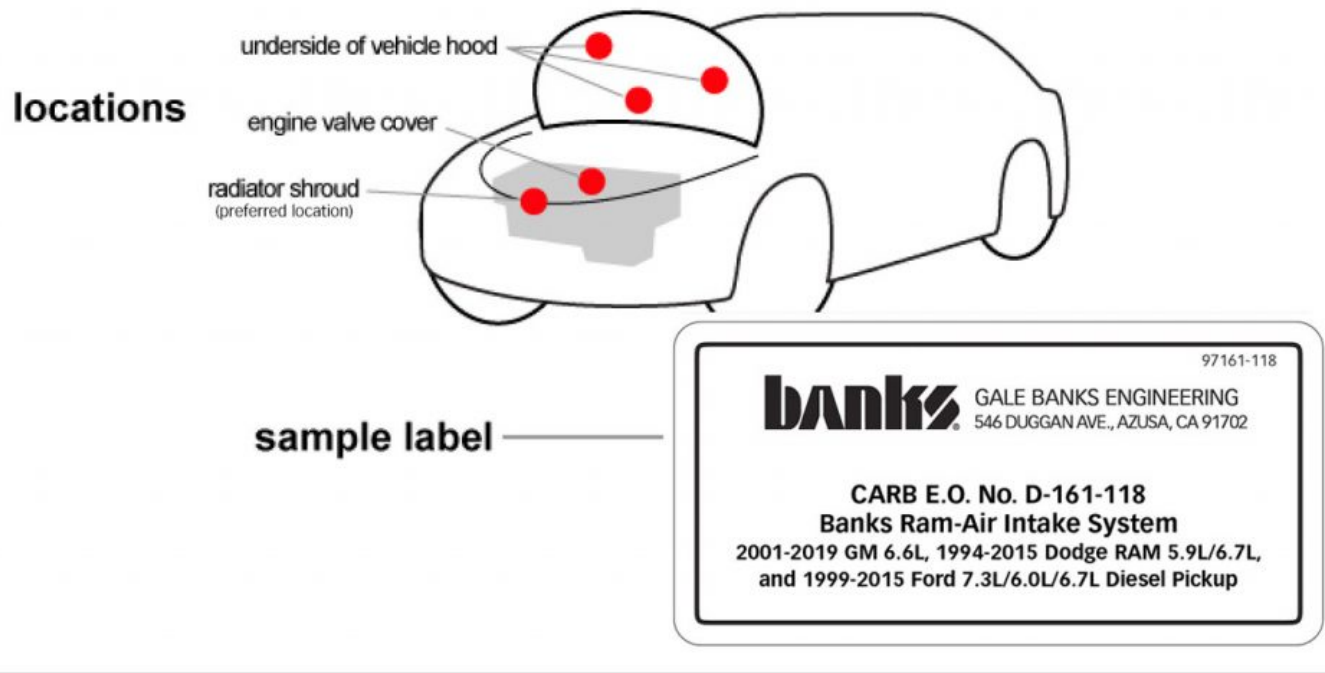

Press LEFT ARROW to highlight Derringer Level. Press UP / DOWN to change Derringer level.

Press LEFT ARROW to highlight PedalMonster Setting. Press UP / DOWN to change PedalMonster Level. Pressing UP on Level 10 or STOCK will roll over to the next Mode. Likewise, pressing DOWN at Level 1 will go to the previous Mode.

## Vehicle CARB EO Label Placement

## CARB EO Label

Please use the following CARB-approved emissions label and EO label location guidelines. We generally use the radiator shroud location.

Looking to buy  
Banks?

my favorite performance tool has been the turbocharger, I boosted my first diesel in '78, set a few records too!

Our mission is to improve performance, durability and the driving experience, all without compromising emissions requirements.

it, we have it!!  
Nobody knows it  
better than us.
