

## Injector Warranty

The warranty period starts on the day the product is delivered to the original consumer purchaser. Warranty is non-transferable.

### Warranty Coverage

- 7.3 HEUI injectors 18-month unlimited mileage
- 6.0 HEUI injectors 2-year unlimited mileage

### Full Force Diesel Performance Inc. warranty covers:

- Defective parts in material and workmanship

### Full Force Diesel warranty does not cover:

- Labor costs incurred in diagnosis and repair of defects or any other consequential expenses
- Failures caused by fuel or oil contamination, lack of fuel pressure, electrical, fire damage, misuse, negligence, abuse, improper application, installation, or operation
- Loss of wages or any other related losses, rental fees, towing fees, housing fees or damages directly or indirectly related to the use of our injectors

If you have a suspected injector failure within our warranty period, we offer two options below to get the issue resolved.

1. Purchase replacement injector(s) up-front. Return shipping label is provided with shipment. Once suspected faulty injector(s) is returned, injector(s) will be tested to determine if failure meets our warranty coverage. If injector(s) is deemed a warranty, we will issue credit for replacement injector(s) and core charge. If injector(s) is deemed non-warranty, we will only credit back for the core charge.
2. Send in suspected faulty injector(s). Customer responsibility on shipping injector(s) to Full Force Diesel. Once we receive injector(s), it will be tested within our current lead time. If deemed a warranty, we will repair and ship back, customer is responsible for return shipping. If deemed non-warranty, customer will be notified. We will review our findings and provide a quote for repairs including shipping charges to customer.
