# Core Return Form

- Please ensure that you fill out the information below completely and include this form in the box. Return the cores inside their original packaging. To qualify for full core credit, the cores must not have any external damage, including any broken or chipped 7.3L injector solenoids.

- You have 30 days from the date we ship your order to return your cores. After this period, a late fee may be charged. If you require extra time, please contact us in advance to request an extension.

- Please keep your tracking number until the credit has been applied to your account. Typically, credits are processed within a week after we receive your cores.
